Short Description

Elements Sling 6-Seat Dining Set 51370-SET1 by Homecrest

Description

The Elements Sling 6-Seat Dining Set (51370-SET1) by Homecrest is made for maximum comfort and style. Its subtle curves and simple angles combine to create a collection that can be artfully classic or freshly modern, depending on your outdoor patio vision. The fully-welded aluminum frames are made to last while a multi-stage powder coat provides all-weather protection across all seasons. A fade-resistant, double-layer sling is durable, easy to maintain, and made to endure any outdoor setting, rain or shine. Built for commercial and residential use, this is a perfect piece to add to small patios, poolside decks, and high-traffic terraces.

Warranty

Homecrest's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Frame: 15 Year Residential / 5 Years Commercial warranty against structural failure or manufacturing defects
- Finish: 5 Year Residential and Commercial warranty against peeling, blistering, or cracking of the aluminum finish
- Sling: 5 Year Residential / 2 Years Commercial warranty against tearing, discoloration, or excessive fading

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Sling: In order to protect from getting stains and keep its appearance, wipe down with a damp cloth using a soap and water mixture every few weeks. To remove any mold, rinse the furniture with water and gently scrub with a brush.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges.
