Warranty

Seaside Casual's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- EnviroWood®: EnviroWood® is warranted for 20 years in a residential setting and 5 years when used in contract or commercial setting
- Fastener: Stainless steel fasteners are warranted for 20 years in a residential setting and 5 years when used in contract or commercial setting

Care and Maintenance

Envirowood: Envirowood is made from an extremely high performance polymer that does not require sealing, painting or staining. It will not rot or splinter, and contains UV inhibitors that resist fading. Envirowood is not affected by most corrosive substances, and will not absorb moisture or promote bacterial growth. To maintain Envirowood furniture you must simply clean it regularly with soap and water (avoid pressure washing).

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

About the Manufacturer

Seaside Casual began making furniture at Rhode Island lumberyard in 1996. It started as a hobby with just one Adirondack chair. With the encourage of the local community, Seaside Casual began making and selling more chairs, that single design has now grown into a collection of over 150 products. In 1999, Seaside Casual introduced EnviroWood®, a 100% High Density Polyethylene (HDPE) lumber. Every piece of furniture begins on the design table at their family-owned Rhode Island facility, after which all of the raw materials that they use to create our award-winning Seaside Casual Furniture products are machined, assembled, processed, packaged, and shipped from warehouse in Coventry, R.I. Seaside Casual stand strongly behind "Made in Rhode Island" roots, including our continuing efforts to source our materials from within the U.S.A. whenever we reasonably can. For over 25 years, Seaside Casual has been a proud US manufacturer, designing, building, and distributing from Rhode Island.
