Short Description

EcoSmart Fire Pop 8L Fire Pit ESF.D.POP.8.L by EcoSmart Fire

Description

Step into a world of modern retro elegance with the EcoSmart Fire Pop 8L Fire Pit (ESF.D.POP.8.L) by EcoSmart Fire. This low-set fire furniture piece seamlessly blends contemporary influences with nostalgic design elements, resulting in a striking centerpiece that is sure to elevate your room or alfresco space. Available in bold orange or yellow, classic black or white, or even a custom color tailored to match your unique decor, the Pop 8L exudes individuality. Powered by the eco-friendly E-NRG BIOETHANOL, this freestanding fireplace embraces sustainability without compromising on style. The round AB8 burner, encircled by a cylindrical glass screen, offers a stunning 360-degree view of the larger-scale dancing flame, while the void beneath the burner presents a perfect space for decorative items, allowing you to curate your own personalized ambiance. Embrace the perfect union of timeless charm and contemporary flair with the EcoSmart Fire Pop 8L Fire Pit.

- Available in eye-catching orange, yellow, black or white to suit your personal design style, architectural environment and decor.
- Powered by eNRG, a natural, clean-burning renewable energy source with no harmful emissions.
- Assembly Required

Warranty

EcoSmart Fire's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Two year warranty from date of purchase on stainless steel parts, including raw, finished and powder coated.
- One year warranty from date of purchase on mild steel, including powder coated and chrome plated, cement, glass, leather, fabric, teak and MDF (painted or cemented rendered).

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power

washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

About the Manufacturer

Founded in 2002, MAD Design Group is a dynamic and innovative company that has made a significant mark in the design industry. From inception to execution, they are involved in every aspect of their brands, showcasing a true passion for their products. With an unwavering commitment to excellence, MAD Design Group oversees product development, sourcing materials, manufacturing, packaging, logistics, sales and marketing.
