Short Description

Finn 2 Piece Nesting End Tables Set

Description

The Finn 2 Piece Nesting End Tables Set FINN-TK-2ETS by Harmonia Living represents an amalgamation between raw, natural materials and contemporary design. The thin, powdered coated aluminum frame creates a sleek silhouette yet sturdily supports a solid, grade A teak top. Unique to the Finn design is the

ability to nest the small table under the larger for compact storage when not in use. The Finn Collection of tables is the perfect option to compliment any mix-media patio arrangement. Harmonia Living can be tailored to both Residential and Commercial settings and is committed to delivering exceptional furnishings to your outdoor space.

Includes

- One (1) Finn Large End Table
- One (1) Finn Small End Table

Dimensions

- Large End Table: 19.75" W x 19.75" D x 23.75" H
- Small End Table: 13.5" W x 13.5" D x 20.75" H

Features

- Made from sustainable certified V legal, Grade A teak is harvested responsibly. Grade A teak is from mature trees that features grain that is more even, and color that is more consistent than lesser grades of teak.
- Teak is dense hardwood that is naturally oily which offers benefits over other natural woods including resistance to light, heat, moisture and pest damage.
- New teak wood furniture will have a warm golden hue that patinas to a silvery grey over time. Letting the teak patina will not compromise the integrity of the wood, however, to keep the golden color, clean the teak furniture about once a year and apply a thin layer of teak oil.
- Plastic foot glides help to protect your patio from scratching and also to help keep the furniture protected from dirt or water that can accumulate on the patio.
- Assembly Required

Warranty

Harmonia Living's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Harmonia Living extends a 1-year warranty against defects in workmanship and materials that cause structural failure

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Teak: Long-term, teak furniture develops a pleasing silvery gray patina, which is cosmetic and not an indication of dryness. Its natural oils help keep this hardwood strong and durable in a variety of environments, so there's very little maintenance. Because teak is very weather-resistant, it doesn't need to be stored during the winter or covered with protective tarps. However, covering teak furniture will protect the surface from elements such as hail, wind, and snow, which can cause cosmetic damage. To keep the original golden honey finish, apply a very thin layer of Linseed or Teak oil to your furniture 1-2 times a year, depending on exposure. Cleaning with teak cleaner is recommended every 2-3 years, along with the oil application.

About the Manufacturer

Harmonia Living - an integration of beauty, function and durability. For over 15 years, Harmonia Living has strived to represent versatility and unparalleled value in every collection it designs and manufactures. Originally conceived from a vision to integrate elegant, high-end styles with approachable prices, Harmonia

Living has grown from a small company based in San Diego, California to one that services the contiguous United States. Harmonia Living is committed to delivering outstanding service and exceptional indoor and outdoor furnishings to bring people together.
