Short Description

Glendale Loveseat FN65602SAN by Ratana

Description

Elevate your outdoor living experience with the Glendale Loveseat (FN65602SAN) by Ratana, a masterpiece of design inspired by the majestic Verdugo Mountains in Glendale, California. Just like the rolling curves of these iconic peaks, the Glendale Collection features double-wall weaving that mimics the mountainous terrain, creating a harmonious blend of artistry and nature. High-Density Polyethylene (HDPE) wicker is not only a testament to eco-friendliness, but it's also all-weather, recyclable, and resistant to fading or cracking. Powder-coated aluminum frames provide a lightweight, rust-proof foundation that's as sturdy as it is elegant. Plus, these rustproof frames are treated with a multi-step finish, ensuring the furniture stands up to the harshest outdoor conditions. Whether you're basking in the sun or hosting a gathering under the stars, the Glendale Collection is designed to elevate your outdoor lifestyle.

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

HDPE Wicker: To clean HDPE wicker, rinse with cool water, and use a cloth with mild dish soap to wipe down and remove dust and residue. Use cool water to wipe away any soapy residue. Dry with a soft cloth.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges. For more information, please visit the fabric manufacturer's website.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
