UMBRELLA SIZE RECOMMENDATIONS

Size recommendations are based on average wind speeds and are not meant to be taken literally. Always consult the actual wind speed. The larger the area, the more wind resistance. Always use proper tie-down technique. A 10' x 10' can be used as a guide for 10' x 10' or larger models.

NOTE: 10' x 10' can be used as a guide for 10' x 10' or larger models.
