Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

About the Manufacturer

Step into a world where travel, comfort, and style converge. Tropitone®, established in 1954 during the heyday of American road trips, began as a commercial brand that defined luxury in hotels and resorts. As travellers yearned for that same experience at home, Tropitone® answered the call, setting new standards by offering commercial-quality products for residential use. With a commitment to excellence, Tropitone® has redefined what it means to live in comfort and style. Experience a legacy that continues to shape an industry and embody the essence of adventure and luxury.
