Features

- All products are hand-woven with the Cane-line Weave® fibre
- Cane-line Weave® is a fibre made from highly durable, solution-dyed polyethylene (PE), which is ideal for outdoor use, because it withstands moisture and large variations in temperature
- Cane-line Weave® has been developed to withstand climate conditions all over the world and the material will retain its colour and shape for many years
- Cushions use Cane-line Natte, which is a 100% solution dyed acrylic fabric. Cane-line Natte is a unique material produced by Sunbrella for Cane-line
- Cane-line Natte combines the strength of normal all weather fabrics with the comfortable softness of the traditional Sunbrella fabrics, resulting in a soft yet durable fabric. This weatherproof material withstands changing weather conditions, is UV-resistant
- Stackable design makes storage and transportation easy.
- Premium commercial-grade materials ensure durability and longevity for both commercial and residential spaces
- No Assembly Required

Warranty

Cane-line's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Cane-line offers a 2 year, limited structural warranty on all furniture as well as a warranty against visible forms of deterioration. This warranty is available for original invoice customers only, up to 2 years after the date of purchase on the original invoice. The warranty covers workmanship and materials on Cane-line products.

Care and Maintenance

HDPE Fibre: To clean HDPE fibre, rinse with cool water, and use a cloth with mild dish soap to wipe down and remove dust and residue. Use cool water to wipe away any soapy residue. Dry with a soft cloth.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges. For more information, please visit the fabric manufacturer's website.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
