Features

- Cane-line teak furniture is made from WWF-GFTN certified wood, which is your guarantee, that the wood has been sourced from responsibly and sustainably managed forests
- Teak is extra durable, resistant to light, heat, moisture and pests
- Teak displays a rich, golden brown color that may be beautifully maintained over time or allowed to gracefully age into a subtle silver patina
- Cushions use Cane-line Virtue, which is a 100% solution dyed fibre material, due to the special manufacturing process, it means that the colour permeates the entire fibre. The fabric has a superior colour fastness, making it fade resistant.
- Premium commercial-grade materials ensure durability and longevity for both commercial and residential spaces
- No Assembly Required

Warranty

Cane-line's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Cane-line offers a 2 year, limited structural warranty on all furniture as well as a warranty against visible forms of deterioration. This warranty is available for original invoice customers only, up to 2 years after the date of purchase on the original invoice. The warranty covers workmanship and materials on Cane-line products.

Care and Maintenance

Teak: Long-term, teak furniture develops a pleasing silvery gray patina, which is cosmetic and not an indication of dryness. Its natural oils help keep this hardwood strong and durable in a variety of environments, so there's very little maintenance. Because teak is very weather-resistant, it doesn't need to be stored during the winter or covered with protective tarps. However, covering teak furniture will protect the surface from elements such as hail, wind, and snow, which can cause cosmetic damage. To keep the original golden honey finish, apply a very thin layer of Linseed or Teak oil to your furniture 1-2 times a year, depending on exposure. Cleaning with teak cleaner is recommended every 2-3 years, along with the oil application.

Cushions & Outdoor Fabric: Regular cleaning with mild soap and water will help prevent the build-up of dirt, which can generate mildew. Simply spot-treat stains with mild soap and water, rinse, and allow the fabric to air dry. Cushions will dry much faster when removed from the frames and placed on their sides or edges.
