## Description

---

The George 78.8" - 110.5" x 39.4" Rectangular Extension Teak Dining Table (9480U) by Sika Design has a commanding presence with the convenience of an integrated extension piece to accommodate any occasion. Made from teak pulled from old Indonesian fishing boats and centuries-old buildings, craftsmen skillfully repurpose the reclaimed wood. A solid plank top sits on an eye-pleasing architectural truss beam base. The teak is rustic, with the character and minor imperfections of recycled wood that make it distinctively beautiful. Designed for outdoor use, George seats 6 comfortably and extends to 280 cm (110 inches) in length to accommodate 8-10 people.

### Care and Maintenance

Teak: Long-term, teak furniture develops a pleasing silvery gray patina, which is cosmetic and not an indication of dryness. Its natural oils help keep this hardwood strong and durable in a variety of environments, so there's very little maintenance. Because teak is very weather-resistant, it doesn't need to be stored during the winter or covered with protective tarps. However, covering teak furniture will protect the surface from elements such as hail, wind, and snow, which can cause cosmetic damage. To keep the original golden honey finish, apply a very thin layer of Linseed or Teak oil to your furniture 1-2 times a year, depending on exposure. Cleaning with teak cleaner is recommended every 2-3 years, along with the oil application.
