Short Description

The Anika Outdoor Wicker Sofa by Harmonia Living (HL-ANK-S) looks so natural that it is hard to believe that it is made from synthetic wicker!

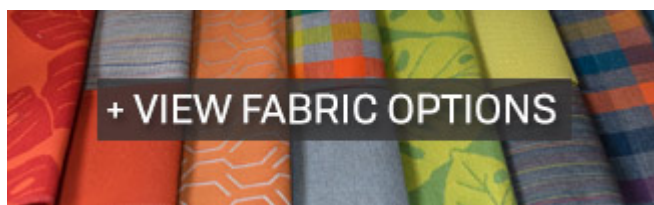

Description

The Anika Outdoor Wicker Sofa by Harmonia Living (HL-ANK-S) looks so natural that it is hard to believe that it is made from synthetic wicker! Made from woven loom (round strands) of recyclable High Density Polyethylene (HDPE) outdoor wicker, with your choice of overstuffed cushions in any of our 100+ different Sunbrella® fabrics and accented with teak feet. The wicker can best be described as being light brown in color with a distressed finish that gives the wicker a worn texture and subtle gray finish. The Anika is truly the most remarkable synthetic wicker collection we have seen. For comfort, affordability and durability this modern yet organic looking collection can't be beat.

Dimensions

- Sofa: 83.25"W x 34.75"D x 30"H

Cushion Colors and Options For fastest delivery order the Anika collection in one of our 4 Sunbrella® Quick Ship (QS) options: Heather Beige, Canvas Henna, Canvas Charcoal or Canvas Spa. All of our Sunbrella® cushions are made in California from comfortable high density foam wrapped in quick dry Dacron for added comfort. The Sunbrella® cushion covers all have zippers and can be removed for easy cleaning. Please refer to the fabric swatches for the most accurate representation. For more fabric options choose from over 100 Sunbrella® fabrics. For an additional charge you can even add welt/piping color for a truly custom look (welt is not an option for Quick Ship orders). Quick Ship orders require an estimated 7-10 business days for delivery while Non Quick Ship orders require an estimated 3-5 weeks for delivery.

Top Grade Recyclable All Weather Wicker Not all synthetic wicker is created equal. The wicker used to make this set is made of recyclable HDPE (high density polyethylene) so it is not only durable, it is eco-friendly as well. UV inhibitors are infused into the synthetic wicker at the time of production so it will not fade or crack in the sun like cheap outdoor wicker will. Plus each individual strand is lightly textured and features a subtle mix of color to create a natural look that you and your guests will love.

Thick Gauge Aluminum Frames Aluminum frames are not only lightweight for easy moving, but they are the most durable as well. Aluminum does not weaken or discolor when it oxidizes (rusts) like other metals do so your frames will not be affected by the weather no matter what conditions. Thick gauge frames are used to avoid bending or damage from use making this set truly worry free.

Sunbrella® Cushions Made in America The cushions are made from Sunbrella® fabric that resists fading in the sun and are fitted with zippers so that the covers can be removed for cleaning. Sunbrella® is the #1 outdoor grade fabric in the industry and offers excellent durability. The cushion seats are made from quick dry polyurethane foam and wrapped in Dacron that wicks away moisture to eliminate mildew. The back rests are filled with fluffy polyester filling for durability and comfort. Only the seat and back cushions are included, throw pillows are an additional charge. Every Harmonia Living cushion is sewn with durable Tenara® thread, which is unaffected by weather and normal wear, making these cushions outlast the competition. See more of the [benefits of using Tenara® thread](#)! These cushions are made in America from the best materials available for quality, durability and comfort.

For quality, affordability, function and design choose the Anika Collection.
