Description

The Como Lago Coffee Table (SO-2008-311) by Source Outdoor sports a simple and stylish design, backed by its quality construction. The beautiful glass top provides enough space for food, drinks, or whatever you find yourself enjoying outside. The wicker is a UV treated resin that will stand up to the elements without losing its color or physical integrity. The coffee table's commercial grade construction means this table is a great choice for homes and businesses alike.

Commercial Grade Construction Dura-Weave resin wicker (made of HDPE) is resistant to weather factors that would normally take its toll on natural wicker. Laboratory tested to withstand more than 3000 hours of direct

UV light exposure with no visible changes. Extra-thick aluminum frames are designed to commercial specifications from hotels and resorts to the cautiously optimistic homeowner. The aluminum frames are fully welded and powder coated with a 10 step process to help with the fight against rust and corrosion from exposure to the elements. Furniture arrives fully assembled - just throw the cushions on and enjoy!

Care and Maintenance Tips This product requires minimal regular care. For every month of exposure, take a warm rag with warm water and wipe down the wicker. Cushions have zippered covers that can be washed. If you plan to go several months without use, or wish to maximize the lifetime of your product, then you will want to invest in some patio furniture covers. Although this product is extremely weather resistant, adding furniture covers will always extend its lifetime compared to not covering it.
