## Description

---

The Tahiti Sofa (SO-2011-103) by Source Outdoor blends smooth curves and clean lines for a uniquely modern look. The armrests flow down from the back of the sofa, providing a stylish frame for the sofa cushions. The wicker is a UV treated resin design not to peel, chip or fade, which means it has color that will last. The commercial grade construction of this sofa means that both homes and businesses can benefit from its durability and style. The cushions are covered in an off-white, outdoor grade polyester. The cushions are also available in a wide range of Sunbrella® fabric colors to suit your outdoor decor needs. With such style, durability and flexibility, this outdoor sofa is hard to beat.
