## Description

---

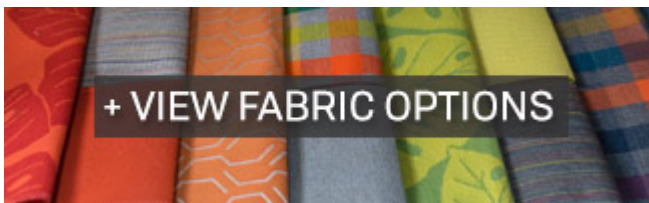

The Manhattan Ottoman (SO-2004-140) by Source Outdoor will have you ready to pull up a seat and rest your feet on its ample cushion surface. Alternatively, this ottoman can be used for extra seating when your sectional sofa begins to fill up! The cushions are covered in an off-white, outdoor grade polyester. The cushions are also available in Sunbrella® fabric, which comes in a wide variety of fabric colors for easy coordination of your patio decor. The commercial grade construction of the piece makes it ideal for homes and businesses in need of durable patio furniture. To prevent color loss through peeling, chipping or fading, the wicker is made of a UV treated resin. This is one ottoman with great looks that will last.
