---

The Circa Dining Arm Chair (SO-2006-163) by Source Outdoor is a simple and stylish solution to outdoor dinner seating with its flat woven wicker, arched back and flowing armrests.

## Description

---

The Circa Dining Arm Chair (SO-2006-163) by Source Outdoor is a simple and stylish solution to outdoor dinner seating with its flat woven wicker, arched back and flowing armrests. This chair stacks easily for when you need to save space out on the patio between events. With its commercial grade construction, this dining chair is a great choice for both homes and businesses that want to get a lot of use from their outdoor seating. Also, wicker will not lose its color because it is made from a UV treated resin designed not to peel, chip or fade from sun exposure.

### Features

- Made by Source Outdoor
- DuraWeave HDPE commercial grade resin
- Espresso finished weave
- Powder-coated aluminum frame
- Sunbrella fabric cushions
- No assembly required
- Three Years Warranty

Commercial Grade Construction Dura-Weave resin wicker (made of HDPE) is resistant to weather factors that would normally take its toll on natural wicker. Laboratory tested to withstand more than 3000 hours of direct UV light exposure with no visible changes. Extra-thick aluminum frames are designed to commercial specifications from hotels and resorts to the cautiously optimistic homeowner. The aluminum frames are fully welded and powder coated with a 10 step process to help with the fight against rust and corrosion from exposure to the elements. Furniture arrives fully assembled - just throw the cushions on and enjoy!

Care and Maintenance Tips This product requires minimal regular care. For every month of exposure, take a

warm rag with warm water and wipe down the wicker. Cushions have zippered covers that can be washed. If you plan to go several months without use, or wish to maximize the lifetime of your product, then you will want to invest in some patio furniture covers. Although this product is extremely weather resistant, adding furniture covers will always extend its lifetime compared to not covering it.
