Features

- Spacious Firebowl
- Durable Steel Construction
- Powder Coated for Long Outdoor Life
- Includes Steel Fire Poker
- Includes Mesh Spark Guard Screen

Optional Firewood Storage Racks

- Gunnison Firewood Storage: Designed for the true "fire enthusiast". With a capacity of a 1/4 cord of wood, this crescent shaped rack keeps the log pile looking great. Designed to let wood breathe so it can season correctly, this rack also features a separate area for kindling and small logs. Made of durable powder coated steel.
- Hartman Firewood Storage: Designed to adjust to your needs. Made of tubular steel, simply add 2 x 4 lumber in any desired length to create as much or as little storage as required. Protects firewood from insects, rot, and mold. 2 x 4 lumber (2 required) not included.
- Logan Firewood Storage: Designed to help you spend more time by the fire, and less time tending it. Built on a sturdy steel, coated frame, the Sling is designed to hold an evening's worth of wood. The canvas carry bag is perfect for those quick trips to the woodpile, and helps keep the area around the hearth clean and tidy.
