## Product Images

## Short Description

---

Feel the breeze, listen to the birds singing, let sounds and sights of nature delight you while sitting in the Long Island Chat Set. You and your friends can relax in the finely crafted Long Island Adirondack chairs. The 37" Conversation Table is the companion piece and large to comfortably provide space for 4. All the pieces are made of HDPE Lumber and commercial grade stainless steel hardware, meaning you won't have to worry about weathering year after year. The finish won't fade and the lumber won't crack. Add cushions for extra comfort.

## Description

---

Sunbrella Fabrics Cushions are available for this product and are made with Sunbrella fabric, the industry's finest when it comes to outdoor cushion fabric. Choose from a large selection of fabrics (refer to the fabric swatch below) to match your new outdoor furniture today!

**Weather-Proof Materials** The high-density polyethylene (HDPE) used in this collection is made to withstand any type of weather condition. From rain or shine, to snow, salty water and ice - the high durability of the HDPE ensures that your new patio furniture will not crack or splinter outdoors.

**Eco-Friendly Materials** This collection was made from 90% post-consumer materials that came from recycled plastic bottles.

**UV-Protected Finishes** The color in your new patio furniture runs through the entire material. This means low maintenance and no need for paint touch-ups if it is scratched. The UV-inhibiting pigment system also reduces fading over the years, ensuring that your new patio furniture stays brilliantly colored for years.

#### About the Manufacturer

Back in 1990, we were the first to create outdoor furniture from recycled plastic materials. "Made with genuine POLYWOOD lumber" is a brand promise. Our furniture is built to be enjoyed season after season . More importantly, our goal is to help create spaces where friends and family can gather, relax, and connect. POLYWOOD recycles an average of 400,000 milk jugs per day. Truckloads of recycled milk jugs are transformed into genuine POLYWOOD lumber, which is then used to construct our furniture.
