Short Description

The Miami 37" Resin Square Dining Table (ISP870) by Compamia is made from resin that is designed to be reminiscent of traditional wicker furniture.

Description

The Miami 37" Resin Square Dining Table (ISP870) by Compamia is made from resin that is designed to be reminiscent of traditional wicker furniture. This beautiful resin table has a durability that's made for commercial use, so you can safely put this in any hotel, restaurant or any other high traffic areas without worrying about its durability. It is UV treated for fade resistance, even in harsh conditions. The glass top gives it a gleaming finish that's also very easy to clean.
