Short Description

The Solana Wicker Nesting Tables (1501-NTL) by Sunset West is a unique take on end tables and coffee tables.

Description

The Solana Wicker Nesting Tables (1501-NTL) by Sunset West is a unique take on end tables and coffee tables. With two nesting tables, you can use them as two end tables or as a coffee table with two different levels. This beautiful table features a modern, minimalist appeal with its resin wicker that's finished in Dark Chocolate. With UV inhibitors and a thick weave, the Solana collection was designed to last for many years to come.

All-Weather Construction

The high-quality materials that were selected for the Solana collection sets it apart from other patio sets offered by big box stores. The high density polyethylene (HDPE) wicker is specially treated for UV protection, is environmentally friendly, and is 100% recyclable. The aluminum used for these frames has the highest purity rating in the business and is spot-welded for extra durability.

Shipping Information

All our shipping times are quoted from the day your order is processed. The majority of our orders are processed within 1-2 business days of the day you place your order. Since this set uses cushions that are typically in stock (rather than needing to be made when you order), 7 to 10 business days are typical.

Care and Maintenance Tips

The use of a little soap every couple weeks of exposure to the elements will go a long way to keeping your wicker shining bright. If you happen to live near the coast, once every 2 months of uncovered exposure, wipe down the aluminum frames underneath as a build-up of salt on the frames may, over time, affect the finish. For fabric care, Sunbrella recommends that their fabrics be cleaned on a regular basis to prevent both dirt build-up and mildew to form. With these simple instructions, your patio set will look as good as new for many

seasons to come.
