Short Description

The Aire End Table (3386) by Summer Classics features beautiful woven resin with a magnificent matching wrought aluminum frame that can sit by a sofa or lounge chair to hold your drinks or books.

Description

The Aire End Table (3386) by Summer Classics features beautiful woven resin with a magnificent matching wrought aluminum frame that can sit by a sofa or lounge chair to hold your drinks or books. This end table offers a durable frame that's matched with fast-drying, durable, yet comfortable resin. You have the option to choose from either an Ancient Earth frame with Black Walnut wicker or a Mahogany frame with Chestnut wicker. A tempered glass top is optional creating a beautiful and easy to maintain surface.

Includes

- One (1) Aire End Table

Dimensions

- Table: 19.75"W x 19.75"D x 21.5"H

Features

- Made by Summer Classics
- Wrought aluminum frame
- Frame available in Ancient Earth or Mahogany
- Resin wicker
- Wicker available in Black Walnut or Chestnut
- No assembly required

Wrought Aluminum Construction This piece features heavy, 0.65 mm thick tubing, strengthened at every stress points with galvanized steel inserts. The surface is triple hand-polished, with 360 degree welds and a high-solids polyester and powder-coated finish. The heavy gauge is rust resistant while the finish is fade resistant for a high durable, weather-resistant outdoor piece.

NT-1 Pre-Wash Each metal frame is pre-finished with a nano-ceramic pre-wash. This crucial step pits the metal surface to increase the surface area for the powder-coating up to ten times larger. This results in a finish that lasts far longer than any traditional powder-coating process.

N-Dura Resin Wicker This piece was crated with the most realistic and extensive UV resistant resin wicker in the industry. This wicker is guaranteed to not experience any significant color change for 5 years. The resin is designed to have a realistic tone, with variations in color and texture to make each piece unique. It is available in resin, vinyl, or polyester and is hand-woven over a steel-reinforced heavy-gauge aluminum extrusion frame with triple antique hand-applied finish, using nano-ceramic technology.

Resysta Resin This environmentally-friendly resin product is composed of rice husks, salt, and mineral oil. It requires minimum care and is designed to be weather resistant, even against the sun, rain, snow, heat, humidity or salt water.

Available Finishes

- Ancient Earth Frame/Black Walnut Wicker: 33862
- Mahogany Frame/Chestnut Wicker: 338617
