Short Description

The Athena End Table (39762) by Summer Classics features a wrought aluminum frame with a strong and dependable resin above it.

Description

The Athena End Table (39762) by Summer Classics features a wrought aluminum frame with a strong and dependable resin above it. This table offers a durable frame that's matched with fast-drying and durable resin with aluminum feet to keep the wicker from ever unraveling. Your table comes with gorgeously toned, UV-resistant Black Walnut wicker. Add an optional glass top to the end table for a complete look.

- One (1) Athena End Table

Dimensions

- Table: 20.5"W x 20.5"D x 23.25"H

Features

- Made by Summer Classics
- Wrought aluminum frame
- Resin wicker
- Wicker available in Black Walnut
- No assembly required

Wrought Aluminum Construction This piece features heavy, 0.65 mm thick tubing, strengthened at every stress points with galvanized steel inserts. The surface is triple hand-polished, with 360 degree welds and a high-solids polyester and powder-coated finish. The heavy gauge is rust resistant while the finish if fade resistant for a high durable, weather-resistant outdoor piece.

NT-1 Pre-Wash Each metal frame is pre-finished with a nano-ceramic pre-wash. This crucial step pits the metal surface to increase the surface area for the powder-coating up to ten times larger. This results in a finish that lasts far longer than any traditional powder-coating process.

N-Dura Resin Wicker This piece was crated with the most realistic and extensive UV resistant resin wicker in the industry. This wicker is guaranteed to not experience any significant color change for 5 years. The resin is designed to have a realistic tone, with variations in color and texture to make each piece unique. It is available in resin, vinyl, or polyester and is hand-woven over a steel-reinforced heavy-gauge aluminum extrusion frame with triple antique hand-applied finish, using nano-ceramic technology.

Resysta Resin This environmentally-friendly resin product is composed of rice husks, salt, and mineral oil. It requires minimum care and is designed to be weather resistant, even against the sun, rain, snow, heat, humidity or salt water.
