- Wrought aluminum frame
- Sling available in weathered, mahogany, french linen, and oyster finish
- No assembly required

Wrought Aluminum Construction This piece features heavy, 0.65 mm thick tubing, strengthened at every stress points with galvanized steel inserts. The surface is triple hand-polished, with 360 degree welds and a high-solids polyester and powder-coated finish. The heavy gauge is rust resistant while the finish if fade resistant for a high durable, weather-resistant outdoor piece.

NT-1 Pre-Wash Each metal frame is pre-finished with a nano-ceramic pre-wash. This crucial step pits the metal surface to increase the surface area for the powder-coating up to ten times larger. This results in a finish that lasts far longer than any traditional powder-coating process.

Twitchell Fiber Sling Twitchell's fabrics combine both bona fide Textiline yarns with a beauty that is unmatched to withstand whatever weather is thrown upon your furniture. Comes in stripes, abstracts, solids, and florals using bubble, chenille, or knobby yarns to keep your furniture looking dazzling for years to come whether you keep it outdoor or indoor. Twitchell's textiline, PVC coated polyester, is known for it's durability standing strong through all weather and time.
