Short Description

Add some elegance to your outdoor space with the Amphora Fire Urn (660) by American Fyre Designs. Handcrafted from innovative Glass Fiber Reinforced Concrete (GFRC), the urn is reminiscent of the Grecian urns of old and made to last.

Description

Add some elegance to your outdoor space with the Amphora Fire Urn (660) by American Fyre Designs. Handcrafted from innovative Glass Fiber Reinforced Concrete (GFRC), the urn is reminiscent of the Grecian urns of old and made to last. Perfect for placing down a path or next to an entryway or water feature. A convenient access door allows you to fit a 5 lb. propane tank inside, keeping the tank and hose out of view. Available in either propane or natural gas models, as well as a variety of finishes. Proudly Made in the USA by American Fyre Designs.

About The Manufacturer

Based out of City of Industry in California, American Fyre Designs is known for their expertise and creativity when it comes to outdoor fireplaces, fire tables, fire pits, fire urns, and fire bowls. With a history of over 25 years, the secret to their success is thanks to their talented design and engineering, as well as advanced manufacturing. The use of GFRC (Glass Fiber Reinforced Concrete) by American Fyre Designs creates some of the most beautiful outdoor fire features you'll ever come across.

Disclaimer: At 150 lbs, the Amphora Fire Urn will require the assistance of at least 2 and possibly more people to install. Please be sure you have the appropriate people on site at the time of delivery to move the firepit as we only ship these with LTL carriers who will drop off the firepit at the curb to your home. *Southern California customers we may be able to assist with home delivery but please confirm before ordering.**
