## Short Description

Cosmopolitan 60" Square Reclaimed Wood Dining Firetable 642-BA by American Fyre Designs

## Description

Transform your outdoor living area into a haven of modern sophistication with the Cosmopolitan 60" Square Reclaimed Wood Dining Firetable (642-BA) by American Fyre Designs. Its sleek and contemporary design exudes elegance, accentuating your space with a captivating touch. Whether you're unwinding with a glass of wine or indulging in a delightful dinner, this tall firetable offers both warmth and ambiance for unforgettable moments with family and friends. Meticulously handcrafted from glass fiber reinforced concrete (GFRC), it promises enduring quality and style. Fuel your gatherings with the convenience of Natural Gas or a self-contained Propane tank, with the added benefit of most models featuring a removable door to house a 5-gallon propane tank.

Includes

- One (1) Cosmopolitan 60" Square Reclaimed Wood Dining Firetable 642-BA
- One (1) Bag of 10 lbs. or 5 lbs. Base Layer Lava Granules LF-10 or LF-5
- Recommended: 40 lbs. of Glass Media to be used in addition to the Base Layer Lava Granules (Sold Separately)

## Dimensions

- 60"W x 60"D x 29"H (360 lbs.)
- Star Burner Diameter: 16"

## Features

- Handcrafted from innovative Glass Fiber Reinforced Concrete (GFRC) made in USA
- GFRC derives its strength from portion of alkali-resistant glass fiber and acrylic polymer blended into durable concrete to withstand the outdoor elements
- Stainless steel burner is durable and weather-resistant
- Adjustable flame height for comfortable dining
- Available in natural gas or liquid propane
- Can accommodate a 5 gal. LP tank inside the unit (tank not included)
- Gas will shut-off automatically if the thermocouple does not sense the presence of flame, ensuring increased safety

## About Manual Flame Sensing Control System

Match-lit, thermocouple equipped control with flame sensing recognition and manual flame height adjustment. The BTU rating with Manual Flame Sensing Control System is 65,000(NG) or 65,000(LP).

## About FyreStarter Bluetooth Control

Introducing the new ON/OFF-High/Low electronic system for American Fyre Designs fire features, controlled conveniently through your smartphone. Simply download the app, and you're good to go. Firetables with FyreStarter Bluetooth Control require 110V AC power, while Firebowls and Fire Pits require 120AC power (include A and C USB ports). The BTU rating with FyreStarter Bluetooth Control is 75,000(NG) or 75,000(LP).

## Warranty

American Fyre Designs' warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Finish and Accessories: Exterior (GFRC) fire features and accessories are warranted for 3 years in a residential setting
- Components: Values, burners, electrical components, and controls (excluding batteries) are warranted for 1 year in a residential setting

## Care and Maintenance

**Concrete Frame:** Concrete is porous and absorbs oils, acids, and chemicals. Clean spills immediately by rinsing or washing gently by hand using clean water and a soft, nonabrasive cloth and allow to air dry. Avoid using harsh cleaners, oily or acidic substances, brushes, or power washers, which could damage the finish.

**Covers & Storage:** When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

## About the Manufacturer

Fire brings warmth, glow and serenity, encouraging us to relax and unwind. American Fyre Designs outdoor fire features enrich your outdoor living space and turn your patio into an outdoor sanctuary inviting conversation that flows well into the night - even when there is chill in the air. From fireplaces perfect for cuddling up under the stars, to fire table's ideal for entertaining, each product is expertly crafted from innovative glass fiber reinforced concrete (GFRC). American Fyre Designs products fit easily into almost every backyard, making installation fast and simple. Fire table's and fire bowls are of exceptional product design

and quality, manufactured in the USA. American Fyre Designs products are available in a variety of styles, colors and textures to complement any decor. Warm your outdoor living area with American Fyre Designs.
