Short Description

Everyone that steps foot onto your patio will immediately be drawn to the Colonial Dining Height Fire Pit Table by The Outdoor Greatroom Company.

Description

Everyone that steps foot onto your patio will immediately be drawn to the Colonial Dining Height Fire Pit Table by The Outdoor Greatroom Company. For your convenience, the table base has an access door designed to house a standard 20 pound propane tank, or use the natural gas orifice if you prefer to use natural gas. With an adjustable flame height, you are able to control how much heat is needed for each of your outdoor events. Use the dropdown menu to select from three uniquely crafted top options, each placed at an ideal seating height of 30". Each table top comes with a burner cover to match the top you select along with the Glass Fire Gems pictured. Use the dropdown menus to add the glass guard to ensure an even burning flame.

Dimensions

- Dining height table: 48"W x 48"D x 30"H
