Quick Ship Fabric Information

We stock this set with a Sunbrella® Quick Ship Fabric option for customers who want this set fast. Customers who order our Quick Ship option will receive their orders in approximately 2 - 3 weeks. All other configurations will take 4-6 weeks to arrive. Throw pillows are not included.

Sunbrella Fabric Information

The technique that Sunbrella uses to dye their fabrics has made them a marine sport standard for fabrics. The high quality dyes that Sunbrella uses will penetrate even the thickest of fabrics straight to their core, giving you years of lasting, vibrant colors. Sunbrella's commitment to their brand really shows with their 5-year warranty on any Sunbrella fabric, so rest assured: your cushions will like new years from now.

Shipping Information

All our shipping times are quoted from the day your order is processed. The majority of our orders are processed within 1-2 business days of the day you place your order. With the Quick Ship (QS) fabric option selected, your patio set will be delivered within 7 to 10 business days that your order is processed. If you select a custom fabric option for your order, we quote a 4-6 week shipping window because we make each custom fabric to order, and all cushions are inspected for quality assurance before shipping.

Care and Maintenance Tips

If you happen to live near the coast, once every 2 months of uncovered exposure, wipe down the aluminum frames underneath as a build-up of salt on the frames may, over time, affect the finish. For fabric care, both we and Sunbrella recommend that the cushion fabric be cleaned on a regular basis to prevent both dirt build-up and/or mildew formation. With these simple instructions, your patio set will look as good as new for many seasons to come.

All-Weather Construction

The high-quality materials that were selected for this patio furniture collection sets it apart from other patio sets offered by big box stores. The aluminum used for these frames has the highest purity rating in the business and is spot-welded for extra durability.

What is a Welt Fabric?

Welt goes by several names. It can be called a welt trim, welt cord, welt piping, or simply welting. It is the decorative trim around the edges of a cushion to give the cushions a more finished look. A thin piece of cord or piping is wrapped in fabric and sewn to the seams of a cushion. It serves two primary functions. The first is functional, helping to strengthen and protect the seams of the cushion. The second is visual. Welt gives cushions a more finished look and emphasizes the shape of the cushion. Welt that matches the color of the cushion fabric is called a "matching" or "self" welt. Welt that is a different color than the color of the cushion

fabric is called a "contrast" welt.

Adding a welt to a cushion is a custom process and may extend an order's lead time by 2 - 4 weeks. There may also be an additional charge for adding welt, which varies by manufacturer.

About the Manufacturer

The reason Sunset West outdoor living furniture is so comfortable is that all of their products are based on generations of experience in the manufacturing of seating. The pitch of a chair, the proportions of the cushion, the softness of the foam are all taken into consideration to provide you with the ultimate comfort in outdoor furniture. The comfort, combined with attractive furniture designs and correct manufacturing techniques provide an unparalleled value in outdoor furniture.
