Warranty

The Mallin warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty by many years.

- Iron and aluminum frames are warranted to be free of structural failures or manufacturing defects for 15 years residential / 5 years commercial from the date of purchase
- Frame finishes are warranted to be free of structural failures or manufacturing defects for 7 years residential / 5 years commercial from the date of purchase
- Cushions: Sunbrella ® fabric carries a 5 year fade warranty from the manufacturer. Woodard offers a 1 year warranty against defects in workmanship and other materials used in cushion production.

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes or power washers, which could damage the finish. Should the product get scratched or damaged, the metal will begin to rust. Use Rustoleum spray paint to touch up and prevent rust from spreading.

Cushions & Outdoor Fabric: Cleaning your cushions on a regular basis will help prevent build-up of dirt, which can generate mildew. Simply spot treat stains with mild soap and water, rinse, and allow the fabric to air dry. Tip: Placing a cushion on its side will help the water to drain faster! Never use a commercial washer or dryer to clean your cushions.

What is Welt?

Welt goes by several names. It can be called a welt trim, welt cord, welt piping, or simply welting. It is the decorative trim around the edges of a cushion to give the cushions a more finished look. A thin piece of cord or piping is wrapped in fabric and sewn to the seams of a cushion. It serves two primary functions. The first is

functional, helping to strengthen and protect the seams of the cushion. The second is visual. Welt gives cushions a more finished look and emphasizes the shape of the cushion. Welt that matches the color of the cushion fabric is called a "matching" or "self" welt.
