Short Description

Acapulco 3 Piece Bar Set HL-ACA-3BCS by Harmonia Living

Description

The Acapulco 3 Piece Bar Set (HL-ACA-3BCS) by Harmonia Living blends mid-century design with modern funk to create a new standard of comfort and style for your patio. The collection is inspired by woven furniture that was incredibly popular in Central America in the 1950s and '60s, creating seating that is supportive and breathable. This makes the Acapulco Collection ideal for outdoor dining, even in the warmest climates. Beyond its comfortable design, the chairs are constructed with a powder-coated steel frame, making it incredibly durable and weather-resistant. The frame is wrapped in a supportive Polyethylene cord, giving the collection its distinctive look. The Acapulco Bar Table sports a radial, hourglass design with a large glass top, creating a bold yet sophisticated look. Beyond its chic design, the table is constructed with a powder-coated steel frame, which makes it incredibly durable and weather-resistant. Harmonia Living can be tailored to both Residential and Commercial settings and is committed to delivering exceptional furnishings to your outdoor space.

Warranty

Harmonia Living's warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Steel Frame: Harmonia Living extends a 2-year residential / 6 month commercial warranty against

defects in workmanship and materials that cause structural failure

Care and Maintenance

Frame: Simply hose off or wipe down your frame to clean it! Avoid using harsh cleaners, brushes, or power washers, which could damage the finish. Take extra care when placing your furniture in humid or coastal settings; accumulation of salts and other debris can cause damage to your frame.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
