Care & Maintenance

This sunshade is easy to care for. Simply hose off to clean or spot treat for stains. To further extend the

lifespan of your umbrella, avoiding using it in gusty or stormy weather. Don't force the ribs apart when opening; this could damage your umbrella. If you plan on using your umbrella near salt water or an indoor pool, wipe down regularly to prevent paint blistering. We recommend storing this sunshade in a protective cover away from the elements when not in use. Check out the attached User Manual for specific care instructions!
