Short Description

DISC Oxford Adirondack Foot Stool ADFS by Oxford Garden

Description

The Oxford Adirondack Foot Stool (ADFS) by Oxford Garden. The perfect addition to our Adirondack Chair. This foot stool has been designed to complement our Adirondack Chair by using the same shapes and dimensions. It not only looks great, it feels great too! This foot stool is made of shorea, a teak family wood that is more dense and heavy than teak. Shorea requires no finishing and will not rot when left outdoors where rain and sun will damage other lesser quality woods. Left untreated, shorea will weather to a soft warm shade of gray similar to the weathering of teak. Sturdy construction using high quality joinery that will

last for many years. Original color can be maintained by applying a seasonal coat of teak oil.

Includes

- One (1) Adirondack Footstool

About The Material

Shorea is a tropical hardwood that grows naturally and plentifully in Southeast Asia. Heavy and dense, shorea is resistant to rot and will last for years in all weather conditions

About The Manufacturer

For years Oxford Garden has furnished moments lived outdoors. Oxford Garden's collections embody a clean, timeless style and are built for both residential and commercial environments. In its beginnings, Oxford Garden specialized in patio and garden furniture, crafting each piece from shorea wood, a dense tropical hardwood, comparable to teak.
