DISC Classic 36" Coffee Table CDTA by Oxford Garden

## Description

---

The 36" Coffee Table (CDTA) by Oxford Garden. A great addition to complete a grouping of chairs or benches, this sturdy 3 foot cocktail table may be that extra piece that makes a setting look finished. This table is made of shorea, a teak family wood that is more dense and heavy than teak. Shorea requires no finishing and will not rot when left outdoors where rain and sun will damage other lesser quality woods. Left untreated, shorea will weather to a soft warm shade of gray similar to the weathering of teak. Sturdy mortise and tenon construction provides the highest quality joinery that will last for many years. Original color can be maintained by applying a seasonal coat of teak oil.

### About The Material

Shorea is a tropical hardwood that grows naturally and plentifully in Southeast Asia. Heavy and dense, shorea is resistant to rot and will last for years in all weather conditions

### About The Manufacturer

For years Oxford Garden has furnished moments lived outdoors. Oxford Garden's collections embody a clean, timeless style and are built for both residential and commercial environments. In its beginnings, Oxford Garden specialized in patio and garden furniture, crafting each piece from shorea wood, a dense tropical hardwood, comparable to teak.
