### Propane Heaters

Initially, Patio Comfort heaters were manufactured and marketed specifically for restaurants. Soon after, restaurant customers caught on to the kind of warmth Patio Comfort heaters provided. Today, thousands of

people enjoy Patio Comfort in the privacy of their own homes. The PC02J model heater utilizes infrared heat to warm. Infrared heating is a cleaner and more efficient heating source because it warms people and solid objects instead of wasting energy by heating the air. Our outdoor heaters are extremely durable because they have non-rust and non-corrosive characteristics. When purchasing a Patio Comfort heater, there is no excuse not to enjoy eating, sitting or reading at your patio anytime of the year!

#### About the Manufacturer

Founded in 1966, AEI has operated under a consistent premise: provide the finest in innovative outdoor cooking and patio heating products to discriminating consumers and commercial customers. AEI is also the only single source of quartz electric, horizontal gas, umbrella domed, Natural and Propane Gas heaters. Their mission has always been simple: supply the perfect heating equipment to enhance any patio then back it up with industry leading warranties and support
