Trusted Outdoor Patio Heating

Initially, Patio Comfort heaters were manufactured and marketed specifically for restaurants. Afterwards, restaurant customers caught on to the unique warmth Patio Comfort heaters provided as well as their

beauty. Today, thousands of people enjoy Patio Comfort in the privacy of their own homes.

Efficient Outdoor Heating

Patio Comfort Heaters utilize infrared heat. Infrared heaters heat people and solid objects instead of wasting energy by simply heating the air; This creates a clean and more efficient heating source. Patio Comfort heaters are extremely durable for rainy seasons because they have non-rust and non-corrosive characteristics. The Vintage series was crafted in order to give something special back to the consumer. Once purchased and installed, there will be no reason not to enjoy eating, sitting or reading at your patio during the cold seasons.

About the Manufacturer

Founded in 1966, AEI has operated under a consistent premise: provide the finest in innovative outdoor cooking and patio heating products to discriminating consumers and commercial customers. AEI is also the only single source of quartz electric, horizontal gas, umbrella domed, Natural and Propane Gas heaters. Their mission has always been simple: supply the perfect heating equipment to enhance any patio then back it up with industry leading warranties and support
