Short Description

Sunpak 24K-34K BTU Black Infrared Heater S34-B-TSR

Description

The Sunpak 24K-34K BTU Black Infrared Heater (S34-B-TSR) By AEI Corporation. SUNPAK® S34 B TSR (#12023) has a two stage output 34,000 to 25,000 BTU controlled with a hand held remote or wireless wall control with "ON-OFF-HIGH-LOW" capability. All SUNPAK® heaters are CSA Design Certified and are equipped for clean burning, cost effective, and highly efficient natural gas or propane fuels. Sunpak® infrared heaters can be both wall or ceiling mounted. Infrared heaters utilize a unique heating system that warms your guests like the sun; the SUNPAK® S34 B TSR was designed with multiple BTU options in order to give you the flexibility to warm your guests on a low or high setting.

- Made in the USA

Outdoor Patio Heaters

Sunpak® heaters are unvented and need a continuous supply of fresh air and proper ventilation to operate

safely. This heater is not to be used inside residences and other confined areas where the operational and safety requirements of this heater cannot be met. Sunpak® infrared heaters are crafted with a slim profile which works well in a variety of patio settings.

About the Manufacturer

Founded in 1966, AEI has operated under a consistent premise: provide the finest in innovative outdoor cooking and patio heating products to discriminating consumers and commercial customers. AEI is also the only single source of quartz electric, horizontal gas, umbrella domed, Natural and Propane Gas heaters.
