- Country of Manufacture: Italy

Mediterranean artisans use techniques perfected over hundreds of years to hand-apply custom-created, high-gloss ceramic glazes to slab-cut volcanic rock. The handcrafted stone is baked at several hundred degrees to diamond-like solidity, prepared to be showcased as a bar top, shower stall anything your imagination can dream up.

Introduce Etna into a varied palette of colors, patterns, and textures to create a unified yet eclectic look. Cross-sell it with concrete and ceramic goods, as well as Sunbrella® products, teak furniture, accent lamps in similar hues and tones, and more. Etna offers truly boundless design opportunities.

The Ocean Collision colorway evokes turquoise blues, liquid azure hues, and a sense of dappled light glinting off ocean waves. Mine Shaft calls to mind Sicilian quarries, sandy beaches, and rocky cliffs in ivories, metallic earth browns, and touches of Jet. Hard balances gentle; light plays off dark. Etna is everything you desire when creating individualized works of functional art.
