### Care and Maintenance

Frame Care: Rinse or wash gently by hand using clean water and a soft, nonabrasive cloth and allow to air dry. Avoid using harsh cleaners, brushes or power washers, which could damage the finish. Place ceramic

pieces on level surfaces where they are not subject to high winds, traffic, or mechanical impact. Never place ceramic pieces close to heat sources, such as fire pits, grills, fireplaces, or other hot elements. Regular maintenance of the furniture will extend its life and will keep it looking beautiful. For more information, please see the Care & Maintenance PDF.

**Covers & Storage:** To prolong the life of your furniture, we recommend using a protective cover. In areas with harsh winter climate, store the cushions inside of a garage or shed, and cover the frames to prevent damage.
