Description

The Kashgar Ottoman (303FT601P2) by Seasonal Living. Luxuriate in our latest discovery, the deep-seated comfort of our sumptuous Kashgar Collection. Inspired by ancient explorers seeking gems and spices as they travelled along the Silk Road, we travel the outer reaches of the globe in search of fresher materials to shape into western high-performance products. The Kashgar line, composed of well-tested materials, fabrics, and lilting curves, combines forward-thinking technology with a reverence for ease and beauty. Stunning indoors or out, in a casual beach getaway or warm ski chalet, these select furnishings envelop you, luring you into dreams of exotic bazaars, camel or elephant caravans, and azure skies above endless poppy fields and high eastern mountain ranges.

Its taupe colorway lends itself to a range of looks, which can be personalized dressed up or down with any of our 2,000 SouthLake Collection fabric options. These fabulous new outdoor-inspired polished silks and textured velvets promise to elevate any seating collection, whether those invite quiet reveries over a creamy cappuccino, or the occasional romp with a muddy, four-legged friend. Echoes of Xi'an, Turpan, and Constantinople exist alongside modern Geneva and New York in this richly evocative line that must be experienced to be believed.

About the Manufacturer

Having lived in Kenya, Spain, France, Hong Kong, Singapore, Indonesia, and the United Kingdom while working in the financial, marketing and international hospitality trades, Seasonal Living founders were exposed to a myriad of unique in and outdoor living experiences. Inspired by these experiences, they noticed that beautiful, decorative accessories and furnishings were either too expensive or too limited in scope. They saw a market for comfortable, special in and outdoor living accessories that were fresh and affordable. By focusing on functional works of art that blur the line between indoor and outdoor furnishings, Seasonal Living has become the one-stop resource for retailers, landscape architects, spa planners, interior designers, property developers, and the like looking for unique and unusual product lines.
