About the Ceramic Collection

Designed with durability, longevity and cutting edge beauty in mind, these sculptural elements are handcrafted using generations of European and Asian expertise in a small family production environment. These skilled craftspeople, inspired by the natural world around them, saturate their furniture, vases, and sculptures with vibrant, jewel-like glazes in colors and color combinations discovered in nature's treasures sunsets, plants, birds and flowers to name a few. These surprisingly strong glazes the product of European know-how resist cracking and fading, are EU-approved and eco-friendly, and remain vivid and bright in even challenging outdoor settings, though they are equally suited to indoor use.

As flexible as they are beautiful, our glazed ceramic furnishings can be mixed and matched to complement a range of design palettes and accessorized with matching throw pillows to add layers of texture and color. Some of these highly versatile accent pieces are strong enough to be used as additional seating and can be grouped together to function in multiple ways, as accent tables, benches, and coffee tables.

Our ceramics pair beautifully with the the smooth, Venetian-plaster finish of our lightweight concrete Perpetual Collection, or the clean lines and neutral wood tones of our Spirals Teak Collection.
