Short Description

Versailles 54" Round Firetable 744 by American Fyre Designs

Description

Infuse modern elegance into your outdoor haven with the Versailles 54" Round Firetable (744) by American Fyre Designs. With a captivating contemporary design, this masterpiece becomes a focal point that elevates your patio ambiance. Offering a spectrum of 7 stunning finishes and a diverse array of fyre media options, the customization possibilities are endless, ensuring a seamless integration into your outdoor space. Expertly handcrafted from glass fiber reinforced concrete (GFRC), it exemplifies both durability and style. Revel in the tactile manual flame sensing control system, match lit with a flame sensing thermocouple, and manual flame height adjustment, enabling you to craft the perfect atmosphere.

Includes

- One (1) Versailles 54" Round Firetable 744
- One (1) Bag of 10 lbs. or 5 lbs. Base Layer Lava Granules LF-10 or LF-5
- Recommended: 60 lbs. of Glass Media to be used in addition to the Base Layer Lava Granules (Sold Separately)

Dimensions

- 54"W x 54"D x 16"H (350 lbs.)
- Star Burner Diameter: 16"

Features

- Handcrafted from innovative Glass Fiber Reinforced Concrete (GFRC) made in USA
- GFRC derives its strength from portion of alkali-resistant glass fiber and acrylic polymer blended into durable concrete to withstand the outdoor elements
- Stainless steel burner is durable and weather-resistant
- Adjustable flame height for comfortable dining
- Available in natural gas or liquid propane
- Cannot accommodate a propane tank inside the unit
- Gas will shut-off automatically if the thermocouple does not sense the presence of flame, ensuring increased safety

About Manual Flame Sensing Control System

Match-lit, thermocouple equipped control with flame sensing recognition and manual flame height adjustment. The BTU rating with Manual Flame Sensing Control System is 65,000(NG) or 65,000(LP).

About FyreStarter Bluetooth Control

Introducing the new ON/OFF-High/Low electronic system for American Fyre Designs fire features, controlled conveniently through your smartphone. Simply download the app, and you're good to go. Firetables with FyreStarter Bluetooth Control require 110V AC power, while Firebowls and Fire Pits require 120AC power (include A and C USB ports). The BTU rating with FyreStarter Bluetooth Control is 100,000(NG) or 100,000(LP).

Warranty

American Fyre Designs' warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Finish and Accessories: Exterior (GFRC) fire features and accessories are warranted for 3 years in a residential setting
- Components: Values, burners, electrical components, and controls (excluding batteries) are warranted for 1 year in a residential setting

Care and Maintenance

Concrete Frame: Concrete is porous and absorbs oils, acids, and chemicals. Clean spills immediately by rinsing or washing gently by hand using clean water and a soft, nonabrasive cloth and allow to air dry. Avoid using harsh cleaners, oily or acidic substances, brushes, or power washers, which could damage the finish.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

About the Manufacturer

Fire brings warmth, glow and serenity, encouraging us to relax and unwind. American Fyre Designs outside fire features enrich your outdoor living space and turn your patio into an outdoor sanctuary inviting conversation that flows well into the night - even when there is chill in the air.
