Manual Flame Sensing Control System

10 ft. Propane Extension Hose

Short Description

Marseille 32" Round Fire Bowl 753 by American Fyre Designs

Description

Elevate your outdoor space with the captivating charm of the Marseille 32" Round Fire Bowl (753) by American Fyre Designs. This exquisite masterpiece presents a minimalist yet impactful interpretation of the Fire Bowl concept, boasting a reduced profile and wider opening to accommodate a generous amount of fire media. Handcrafted with care from glass fiber reinforced concrete, this fire bowl exude both durability and style. Choose from a delightful variety of textures and colors to suit your personal taste. Offering the convenience of Natural Gas or Propane fuel options, this fire bowl becomes the heart of your outdoor sanctuary, enveloping your gatherings in mesmerizing flames and warmth.

Includes

- One (1) Marseille 32" Round Fire Bowl 753
- One (1) Bag of 10 lbs. or 5 lbs. Base Layer Lava Granules LF-10 or LF-5
- Recommended: 40 lbs. of Glass Media to be used in addition to the Base Layer Lava Granules (Sold Separately)

Dimensions

- 32"W x 32"D x 8.5"H (90 lbs.)
- Star Burner Diameter: 16"

Features

- Handcrafted from innovative Glass Fiber Reinforced Concrete (GFRC) made in USA
- GFRC derives its strength from portion of alkali-resistant glass fiber and acrylic polymer blended into durable concrete to withstand the outdoor elements
- Stainless steel burner is durable and weather-resistant
- Adjustable flame height for comfortable dining
- Available in natural gas or liquid propane
- Cannot accommodate a propane tank inside the unit
- Gas will shut-off automatically if the thermocouple does not sense the presence of flame, ensuring increased safety

About Manual Flame Sensing Control System

Match-lit, thermocouple equipped control with flame sensing recognition and manual flame height adjustment. The BTU rating with Manual Flame Sensing Control System is 65,000(NG) or 65,000(LP).

Warranty

American Fyre Designs' warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Finish and Accessories: Exterior (GFRC) fire features and accessories are warranted for 3 years in a residential setting
- Components: Valves, burners, electrical components, and controls (excluding batteries) are warranted for 1 year in a residential setting

Care and Maintenance

Concrete Frame: Concrete is porous and absorbs oils, acids, and chemicals. Clean spills immediately by rinsing or washing gently by hand using clean water and a soft, nonabrasive cloth and allow to air dry. Avoid using harsh cleaners, oily or acidic substances, brushes, or power washers, which could damage the finish.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
