Short Description

Marseille 24" Round Fire Bowl 755 by American Fyre Designs

Description

Experience the allure of outdoor elegance with the Marseille 24" Round Fire Bowl (755) by American Fyre Designs. A perfect embodiment of simplicity and versatility, this exquisite masterpiece reimagines the Fire Bowl concept with a reduced profile and wider opening, allowing for an abundance of captivating fire media. Handcrafted with precision from glass fiber reinforced concrete, the Marseille Fire Bowl boasts both durability and style. Choose from an array of textures and colors to personalize your outdoor space. With the convenience of Natural Gas or Propane fuel options, the 24" Marseille Fire Bowl becomes the centerpiece of warmth and charm, creating a mesmerizing ambiance for your cherished outdoor gatherings.

Includes

- One (1) Marseille 24" Round Fire Bowl 755
- One (1) Bag of 10 lbs. or 5 lbs. Base Layer Lava Granules LF-10 or LF-5
- Recommended: 20 lbs. of Glass Media to be used in addition to the Base Layer Lava Granules (Sold Separately)

Dimensions

- 24"W x 24"D x 6.5"H (45 lbs.)
- Star Burner Diameter: 12"

Features

- Handcrafted from innovative Glass Fiber Reinforced Concrete (GFRC) made in USA
- GFRC derives its strength from portion of alkali-resistant glass fiber and acrylic polymer blended into durable concrete to withstand the outdoor elements
- Stainless steel burner is durable and weather-resistant
- Adjustable flame height for comfortable dining
- Available in natural gas or liquid propane
- Cannot accommodate a propane tank inside the unit
- Gas will shut-off automatically if the thermocouple does not sense the presence of flame, ensuring

increased safety

About Manual Flame Sensing Control System

Match-lit, thermocouple equipped control with flame sensing recognition and manual flame height adjustment. The BTU rating with Manual Flame Sensing Control System is 60,000(NG) or 60,000(LP).

Warranty

American Fyre Designs' warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Finish and Accessories: Exterior (GFRC) fire features and accessories are warranted for 3 years in a residential setting
- Components: Values, burners, electrical components, and controls (excluding batteries) are warranted for 1 year in a residential setting

Care and Maintenance

Concrete Frame: Concrete is porous and absorbs oils, acids, and chemicals. Clean spills immediately by rinsing or washing gently by hand using clean water and a soft, nonabrasive cloth and allow to air dry. Avoid using harsh cleaners, oily or acidic substances, brushes, or power washers, which could damage the finish.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

About the Manufacturer

Fire brings warmth, glow and serenity, encouraging us to relax and unwind.
