Short Description

El Dorado 39" Round Fire Pit 681 by American Fyre Designs

Description

Elevate your outdoor gatherings with the captivating style and design of the El Dorado 39" Round Fire Pit (681) by American Fyre Designs. A true work of art, this masterpiece reinvents the classic outdoor firepit, adding a touch of elegance to your outdoor space. The El Dorado Fire Pit features a smooth concrete exterior with a charming brick pattern and a sleek rim around the top, exuding timeless sophistication. Handcrafted from glass fiber reinforced concrete (GFRC), it ensures durability and lasting beauty. With a variety of colors to choose from, you can effortlessly personalize your outdoor setting. Embrace the convenience of Natural Gas or Propane fuel options, as the El Dorado Fire Pit becomes the heart of your outdoor oasis, enchanting your gatherings with radiant flames.

Includes

- One (1) El Dorado 39" Round Fire Pit 681
- One (1) Bag of 10 lbs. or 5 lbs. Base Layer Lava Granules LF-10 or LF-5
- Recommended: 30 lbs. of Glass Media to be used in addition to the Base Layer Lava Granules (Sold Separately)

Dimensions

- 39"W x 39"D x 14.5"H (210 lbs.)
- Star Burner Diameter: 16"

Features

- Handcrafted from innovative Glass Fiber Reinforced Concrete (GFRC) made in USA
- GFRC derives its strength from portion of alkali-resistant glass fiber and acrylic polymer blended into durable concrete to withstand the outdoor elements
- Stainless steel burner is durable and weather-resistant
- Adjustable flame height for comfortable dining
- Available in natural gas or liquid propane
- Reversible floor to accommodate multiple of media
- High configuration reversible floor recommended for higher stack or flame (better for glass); Low configuration recommended for lower stack or flame (better for logs)
- Gas will shut-off automatically if the thermocouple does not sense the presence of flame, ensuring increased safety

About Manual Flame Sensing Control System

Match-lit, thermocouple equipped control with flame sensing recognition and manual flame height adjustment. The BTU rating with Manual Flame Sensing Control System is 65,000(NG) or 65,000(LP).

About FyreStarter Bluetooth Control

Introducing the new ON/OFF-High/Low electronic system for American Fyre Designs fire features, controlled conveniently through your smartphone. Simply download the app, and you're good to go. Firetables with FyreStarter Bluetooth Control require 110V AC power, while Firebowls and Fire Pits require 120AC power (include A and C USB ports). The BTU rating with FyreStarter Bluetooth Control is 100,000(NG) or 100,000(LP).

Warranty

American Fyre Designs' warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Finish and Accessories: Exterior (GFRC) fire features and accessories are warranted for 3 years in a residential setting
- Components: Values, burners, electrical components, and controls (excluding batteries) are warranted for 1 year in a residential setting

Care and Maintenance

Concrete Frame: Concrete is porous and absorbs oils, acids, and chemicals. Clean spills immediately by rinsing or washing gently by hand using clean water and a soft, nonabrasive cloth and allow to air dry. Avoid using harsh cleaners, oily or acidic substances, brushes, or power washers, which could damage the finish.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

About the Manufacturer
