Manual Flame Sensing Control System

10 ft. Propane Extension Hose

Short Description

Wave 20" Round Fire Urn 530 by American Fyre Designs

Description

Transform your outdoor living space with the captivating warmth and modern elegance of the Wave 20" Round Fire Urn (530) by American Fyre Designs. Crafted from durable glass fiber reinforced concrete (GFRC), this contemporary fire urn adds a touch of sophistication to any setting. Embrace the beauty of heavy texture finishes, which come in a variety of options, allowing you to customize your outdoor space effortlessly. Choose between natural gas or propane fuel options for ultimate convenience. The Wave Fire Urn are designed with an optional removable door, perfectly accommodating a 5-gallon propane tank inside (tank not included).

Includes

- One (1) Wave 20" Round Fire Urn 530
- Recommended: 20 lbs. of Glass Media to be used in addition to the Base Layer Lava Granules (Sold Separately)

Dimensions

- 20"W x 20"D x 37.5"H (150 lbs.)

- Star Burner Diameter: 12"

Features

- Handcrafted from innovative Glass Fiber Reinforced Concrete (GFRC) made in USA
- GFRC derives its strength from portion of alkali-resistant glass fiber and acrylic polymer blended into durable concrete to withstand the outdoor elements
- Stainless steel burner is durable and weather-resistant
- Adjustable flame height for comfortable dining
- Available in natural gas or liquid propane
- Can accommodate a 5 gal. Propane tank inside the unit (tank not included)
- Available with access door for LP tank
- Gas will shut-off automatically if the thermocouple does not sense the presence of flame, ensuring increased safety

About Manual Flame Sensing Control System

Match-lit, thermocouple equipped control with flame sensing recognition and manual flame height adjustment. The BTU rating with Manual Flame Sensing Control System is 60,000(NG) or 60,000(LP).

Warranty

American Fyre Designs' warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Finish and Accessories: Exterior (GFRC) fire features and accessories are warranted for 3 years in a residential setting
- Components: Valves, burners, electrical components, and controls (excluding batteries) are warranted for 1 year in a residential setting

Care and Maintenance

Concrete Frame: Concrete is porous and absorbs oils, acids, and chemicals. Clean spills immediately by rinsing or washing gently by hand using clean water and a soft, nonabrasive cloth and allow to air dry. Avoid using harsh cleaners, oily or acidic substances, brushes, or power washers, which could damage the finish.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

About the Manufacturer

Fire brings warmth, glow and serenity, encouraging us to relax and unwind. American Fyre Designs outside fire features enrich your outdoor living space and turn your patio into an outdoor sanctuary inviting conversation that flows well into the night - even when there is chill in the air. From fireplaces perfect for cuddling up under the stars, to fire table's ideal for entertaining, each product is expertly crafted from innovative glass fiber reinforced concrete (GFRC). American Fyre Designs products fit easily into almost every backyard, making installation fast and simple. Fire table's and fire bowls are of exceptional product design and quality, manufactured in the USA. American Fyre Designs products are available in a variety of styles, colors and textures to complement any decor. Warm your outdoor living area with American Fyre Designs.
