Manual Flame Sensing Control System

FireStarter Bluetooth Control

10 ft. Propane Extension Hose

## Short Description

Bordeaux 50"x30" Rectangle Fire Bowl 435 by American Fyre Designs

## Description

Elevate your outdoor experience with the Bordeaux 50"x30" Rectangle Fire Bowl (435) by American Fyre Designs, an embodiment of contemporary elegance and versatile functionality. The sleek design offers endless possibilities to enhance your outdoor space, while the larger bowl size brings friends and family closer to the mesmerizing flames, radiating comforting warmth. Crafted from glass fiber reinforced concrete (GFRC) with refractory cement, AFD Firebowls withstand the elements, maintaining their stunning allure. The robust 60,000 BTU linear burner ignites vivid, beautiful flames over a captivating media mix of fireglass or lava rocks, perfect for your desired ambiance.

### Includes

- One (1) Bordeaux 50"x30" Rectangle Fire Bowl 435
- One (1) Bag of 10 lbs. or 5 lbs. Base Layer Lava Granules LF-10 or LF-5
- Recommended: 50 lbs. of Glass Media to be used in addition to the Base Layer Lava Granules (Sold Separately)

### Dimensions

- 50"W x 30"D x 16.25"H (205 lbs.)
- Linear Burner Length: 24"

## Features

- Handcrafted from innovative Glass Fiber Reinforced Concrete (GFRC) made in USA
- GFRC derives its strength from portion of alkali-resistant glass fiber and acrylic polymer blended into durable concrete to withstand the outdoor elements
- Stainless steel burner is durable and weather-resistant
- Adjustable flame height for comfortable dining
- Available in natural gas or liquid propane
- Cannot accommodate a propane tank inside the unit
- Gas will shut-off automatically if the thermocouple does not sense the presence of flame, ensuring increased safety.

## About Manual Flame Sensing Control System

Match-lit, thermocouple equipped control with flame sensing recognition and manual flame height adjustment. The BTU rating with Manual Flame Sensing Control System is 60,000(NG) or 60,000(LP).

## About FyreStarter Bluetooth Control

Introducing the new ON/OFF-High/Low electronic system for American Fyre Designs fire features, controlled conveniently through your smartphone. Simply download the app, and you're good to go. Firetables with FyreStarter Bluetooth Control require 110V AC power, while Firebowls and Fire Pits require 120AC power (include A and C USB ports). The BTU rating with FyreStarter Bluetooth Control is 65,000(NG) or 65,000(LP).

## Warranty

American Fyre Designs' warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Finish and Accessories: Exterior (GFRC) fire features and accessories are warranted for 3 years in a residential setting
- Components: Values, burners, electrical components, and controls (excluding batteries) are warranted for 1 year in a residential setting

## Care and Maintenance

**Concrete Frame:** Concrete is porous and absorbs oils, acids, and chemicals. Clean spills immediately by rinsing or washing gently by hand using clean water and a soft, nonabrasive cloth and allow to air dry. Avoid using harsh cleaners, oily or acidic substances, brushes, or power washers, which could damage the finish.

**Covers & Storage:** When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.

## About the Manufacturer

Fire brings warmth, glow and serenity, encouraging us to relax and unwind. American Fyre Designs outside fire features enrich your outdoor living space and turn your patio into an outdoor sanctuary inviting conversation that flows well into the night - even when there is chill in the air. From fireplaces perfect for cuddling up under the stars, to fire table's ideal for entertaining, each product is expertly crafted from innovative glass fiber reinforced concrete (GFRC). American Fyre Designs products fit easily into almost every backyard, making installation fast and simple. Fire table's and fire bowls are of exceptional product design and quality, manufactured in the USA. American Fyre Designs products are available in a variety of styles,

colors and textures to complement any decor. Warm your outdoor living area with American Fyre Designs.
