Short Description

Bordeaux 36" Square Reclaimed Wood Fire Bowl 430-FO-SP by American Fyre Designs

Description

Elevate the rustic charm of your outdoor space with the Bordeaux 36" Square Reclaimed Wood Fire Bowl (430-FO-SP) by American Fyre Designs. This versatile masterpiece blends simplicity and elegance, offering a warm and inviting ambiance for various settings. Crafted from glass fiber reinforced concrete with refractory cement, it ensures enduring beauty even after withstanding the elements. The powerful 65,000 BTU star burner casts mesmerizing, bright flames over a stunning media mix of fireglass or lava rocks, allowing you to create your desired ambiance. Handcrafted with meticulous care, the Bordeaux Square Firebowl offers both Natural Gas and Propane fuel options, redefining your outdoor gatherings with its captivating warmth and rustic allure.

Includes

- One (1) Bordeaux 36" Square Reclaimed Wood Fire Bowl 430-FO-SP
- One (1) Bag of 10 lbs. or 5 lbs. Base Layer Lava Granules LF-10 or LF-5
- Recommended: 40 lbs. of Glass Media to be used in addition to the Base Layer Lava Granules (Sold Separately)

Dimensions

- 36"W x 36"D x 15.25"H (180 lbs.)
- Star Burner Diameter: 16"

Features

- Handcrafted from innovative Glass Fiber Reinforced Concrete (GFRC) made in USA
- GFRC derives its strength from portion of alkali-resistant glass fiber and acrylic polymer blended into durable concrete to withstand the outdoor elements
- Stainless steel burner is durable and weather-resistant
- Adjustable flame height for comfortable dining
- Available in natural gas or liquid propane
- Cannot accommodate a propane tank inside the unit
- Gas will shut-off automatically if the thermocouple does not sense the presence of flame, ensuring increased safety

About Manual Flame Sensing Control System

Match-lit, thermocouple equipped control with flame sensing recognition and manual flame height adjustment. The BTU rating with Manual Flame Sensing Control System is 65,000(NG) or 65,000(LP).

About FyreStarter Bluetooth Control

Introducing the new ON/OFF-High/Low electronic system for American Fyre Designs fire features, controlled conveniently through your smartphone. Simply download the app, and you're good to go. Firetables with FyreStarter Bluetooth Control require 110V AC power, while Firebowls and Fire Pits require 120AC power (include A and C USB ports). The BTU rating with FyreStarter Bluetooth Control is 100,000(NG) or 100,000(LP).

Warranty

American Fyre Designs' warranty covers manufacturing defects; normal wear and tear is not included. With a little bit of care, your furniture will outlive the warranty for many years.

- Finish and Accessories: Exterior (GFRC) fire features and accessories are warranted for 3 years in a residential setting
- Components: Values, burners, electrical components, and controls (excluding batteries) are warranted for 1 year in a residential setting

Care and Maintenance

Concrete Frame: Concrete is porous and absorbs oils, acids, and chemicals. Clean spills immediately by rinsing or washing gently by hand using clean water and a soft, nonabrasive cloth and allow to air dry. Avoid using harsh cleaners, oily or acidic substances, brushes, or power washers, which could damage the finish.

Covers & Storage: When not in use, we recommend using a protective cover with your furniture. During harsh weather and extreme temperatures, we recommend storing the cushions in a shed or garage and covering the frames with protective covers. If you store the frames indoors during the winter, avoid storing them upside down, which can trap moisture.
