Care & Maintenance

Wrought Iron Frames - Clean with warm, soapy water. Damage to the paint finish may cause corrosion, touch up with paint immediately. To maintain the gloss on non-textured finishes, protect with a fine automotive wax.

Cushions - Spot wash by sponging briskly with a mild soap in lukewarm water (do not exceed 100°F). Thoroughly rinse with clean water to remove soap. Allow to air dry completely before storing. For cushions with Sunbrella fabric, please visit the Sunbrella website for additional information on how to clean.
