- One (1) Elements Right Arm Lounge Chair w/ Stainless Steel Arm & Back

Dimension

- 32.5"W x 32.5"D x 29.25"H (48.44 lbs.)
- Seat Height w/ Cush 18.75"H
- Arm Height - 24.25"H

Features

- 5x5 Loom Weave Pattern
- Available in 19 Custom Loom Finishes
- Signature Lloyd Loom Material with 100+ Year History in Patio Industry
- 100+ Sunbrella Fabric Options
- Additional fabric options are available, please call our sales team for more information 888-994-9196
- Sturdy, Corrosion Resistant Fully Welded Aluminum Frames
- Stainless Steel Legs
- Made in America (Frame Finish, Assembly, & Cushions) w/ imported components

Lloyd Loom: A 100+ Year History

Signature Lloyd Loom® material begins with a roll of cellulose fiber. The fiber is spun into a thin strand to create a spool. Over 500 spools of fiber strand are fed into one Lloyd Loom® to create the wicker fabric. Fiber is also spun around aluminum wire and cut to create stakes. Stakes are added during the weaving process for extra strength and resilience. The wicker is then given a flexible coating to protect it from moisture and prevent unraveling.

Lloyd Loom® wicker fabric is contoured over our sturdy, fully welded aluminum frames. Upholstered furniture is painted and heated in Durium finish to ensure years of use. Finished furniture ships from the facility in Menominee, MI to discerning customers nationwide.

Patented in 1917 by Marshall B. Lloyd and updated by the Flanders family to meet modern demands, Lloyd

Loom® is the most sought-after all weather wicker available today. Lloyd Loom® is woven into different patterns to accentuate the designs of their collections.

Fully Welded Aluminum Frames

Welded all-aluminum frames are corrosion-resistant and extremely durable. These frames require minimal maintenance and should retain their finish even after years of use.

Limited Residential Warranty

Lloyd Flanders® warrants its furniture to be free from manufacturing defects for a period of three years from the date of purchase. Fabrics (except COM), cushions, faux concrete table tops, and stone table tops are warranted for a period of one year from the date of purchase. This warranty is exclusive to the original purchaser. Routine care and maintenance are required to support the benefits of this warranty. This includes but is not limited to annual inspection of the frames and touch-up of any minor damage. Abuse or neglect of the furniture voids the warranty. Do not store your furniture upside down. This could allow water to accumulate and freeze within the frame, causing structural damage that is excluded from coverage.

About the Manufacturer

In 1906, Marshall B. Lloyd opened the Lloyd Manufacturing Company in Menominee, Michigan, where he developed a timeless and unique process for creating fine woven furniture. To this very day, they are proud to continue crafting this heirloom furniture, in the same facility where it all began.

Thanks to their patented Loom weaving technology, Lloyd Flanders furniture products stand apart from other manufacturers in the industry, offering a level of quality and beauty that is unsurpassed.

Lloyd Flanders furniture can be found in many historic places and fine hotels across the United States, such as the Waldorf Astoria in New York and the Minnesota Governor's Mansion. Their gorgeous furniture is also featured in film, television and music.

As with any fine outdoor furniture, timely care of the paint finish is necessary to protect it from the elements and preserve its strength and beauty. If the wicker finish becomes worn, carefully clean and dry the affected area. Repaint with Lloyd Flanders touch-up paint (available from your local retailer). Allow to dry thoroughly before use. If the finish on the frame should scratch or chip, lightly sand the problem area with fine grit sandpaper. Clean and dry the area, then repaint with Lloyd Flanders touch-up paint. Cushions can be washed with a mild detergent and water.
