VINTAGE COFFEE

VINTAGE SAHARA

VINTAGE WHITE

Short Description

The Harbour Deep Seating Ottoman (4010-VIN) by POLYWOOD. Rest your feet and relax on a piece of furniture that is eco-friendly and durable.

Description

The Harbour Deep Seating Ottoman (4010-VIN) by POLYWOOD. Rest your feet and relax on a piece of furniture that is eco-friendly and durable. Constructed from POLYWOOD® recycled lumber, this ottoman will last for years to come. Pair with the Harbour Collection Settee, Chair or Sofa for a cohesive look that will amp up the inviting feel of your outdoor area.

Includes

- One (1) Harbour Deep Seating Ottoman

Dimensions

- 23.00" D x 27.50" W x 15.00" H (36 lbs.)

Features

- Features high-quality POLYWOOD recycled lumber which requires no painting, staining, waterproofing or sealing
- Marine-grade foam cushions feature an interior drain for quick drying and resist weather, salt, sun, mold and mildew
- Sunbrella® fabric available in a variety of UV-inhibited colors that minimize fading
- Solid, heavy-duty construction withstands nature's elements
- Coloring runs throughout the UV-stabilized recycled plastic lumber so there is no exterior finish to wear or scratch off
- Has exceptional resistance to corrosive substances, such as oil, salt spray and other environmental stresses
- Resists stains and is easy to clean with soap and water
- Marine-grade quality hardware
- 20-year limited residential warranty; 1-year limited commercial warranty
- Made in the USA

About Revolution Fabric

Revolution was introduced to the furniture industry in March 2014. Revolution was the first PFC chemical free performance fabric to hit the marketplace and was the only one made entirely in the United States after much of the textile business went overseas in 2008. Revolution has become a go-to fabric in the interior design community, because it can be used in just about any type of project; whether it's a sectional for a multi-million dollar beach house or kitchen banquette cushions for a small family home. The cleanability and price point is perfect for clients designing on a budget.

How to Clean Revolution Fabric

- Small stains can be removed with a mixture of mild dish soap and water.
- For tougher stains, a mix one ounce of bleach with 30 ounces of water in a spray bottle. If possible, place a clean towel between the fabric and foam cushion to absorb any excess moisture. Set the nozzle to "fan" the spray pattern and wet out the entire side of the cover where the stain is. Then wipe the

entire cover with a clean cloth to remove any excess moisture. Then spray the same area with clean water to rinse the bleach solution out of the fabric. Again wipe the entire cover with a clean cloth to remove any excess moisture. Allow the cover to air dry

Durability : Backed by a 20-Year Warranty, our lumber is resistant to stains and corrosive substances, and isn't prone to splinter, crack, chip, peel, or rot.

Weather resistance : Our all-weather material is built to withstand all four seasons and a range of climates including hot sun, snowy winters, salt spray, and heavy winds.

Color-stay technology : UV inhibitors and stabilizers protect our lumber from harmful environmental degradation and, along with light stable pigments, run continuously throughout the material.

Low maintenance : Genuine POLYWOOD lumber cleans easily with soap and water and requires no painting, staining, or waterproofing.

About the Manufacturer

Back in 1990, we were the first to create outdoor furniture from recycled plastic materials. "Made with genuine POLYWOOD lumber" is a brand promise. Our furniture is built to be enjoyed season after season. More importantly, our goal is to help create spaces where friends and family can gather, relax, and connect. POLYWOOD recycles an average of 400,000 milk jugs per day. Truckloads of recycled milk jugs are transformed into genuine POLYWOOD lumber, which is then used to construct our furniture.
