Short Description

Alpine's Solar Birdbath Fountain harnesses the natural power of the sun, so electricity, wiring and plugs are not required! A high quality solar panel catches the sun's energy to power the top fountain while the lower section serves as an ornate birdbath. Lightweight Fiberglass construction makes it easy to place and move into that perfect spot! Features: * Durable Light Weight Fiberglass Construction * Soothing Trickling Helps you Relax * Improves Concentration * Focal Point for any Outdoor Setting
