Description

The Majorca Coffee Table(2001-CT) by the Sunset West. The Majorca Collections clean lines and demure, contemporary silhouette is perfect for furnishing small and large spaces. Similar to its namesake, the Majorca is a statement-making collection that turns any outdoor space into a stylish, stunning retreat. Crafted in the highest quality comfort and durability, the Majorca Coffee Table will stand the test of time with minimal maintenance. Its powder coated aluminum frame is expertly wrapped with premium all-weather wicker in a charming multi-toned Stone finish. Deep seating and occasional table bases are protected by brushed aluminum feet. Weather resistant, high-resilient density cushions are enveloped in quick ship fabric Sunbrella™ Cast Silver. Sunset West offers a generous selection of Majorca deep seating and dining pieces as well as other complimentary collections for seamless coordination while mixing for the perfectly curated, sophisticated outdoor space.

Shipping Information

All our shipping times are quoted from the day your order is processed. The majority of our orders are processed within 1-2 business days of the day you place your order. With the Quick Ship (QS) fabric option selected, your patio set will be delivered within 7 to 10 business days that your order is processed. If you select a custom fabric option for your order, we quote a 4-6 week shipping window because we make each custom fabric to order, and all cushions are inspected for quality assurance before shipping.

Care and Maintenance Tips

If you happen to live near the coast, once every 2 months of uncovered exposure, wipe down the aluminum frames underneath as a build-up of salt on the frames may, over time, affect the finish. For fabric care, both we and Sunbrella recommend that the cushion fabric be cleaned on a regular basis to prevent both dirt build-up and/or mildew formation. With these simple instructions, your patio set will look as good as new for many seasons to come.

All-Weather Construction

The high-quality materials that were selected for this patio furniture collection sets it apart from other patio sets offered by big box stores. The high density polyethylene (HDPE) wicker is specially treated for UV protection, is environmentally friendly, and is 100% recyclable. The aluminum used for these frames has the highest purity rating in the business and is spot-welded for extra durability.

About the Manufacturer

The reason Sunset West outdoor living furniture is so comfortable is that all of their products are based on generations of experience in the manufacturing of seating. The pitch of a chair, the proportions of the cushion, the softness of the foam are all taken into consideration to provide you with the ultimate comfort in outdoor furniture. The comfort, combined with attractive furniture designs and correct manufacturing techniques provide an unparalleled value in outdoor furniture.
